

SAINT URSULA ACADEMY

SENIOR EDITION 2017

1339 E. McMILLAN STREET | CINCINNATI, OHIO | 45206

The Senior Address

By Clara Listermann

So, a few mornings ago I was running in my neighborhood. When I finally reached the top of the hill I was jogging up, I looked up to the sky and saw a *beautiful rainbow*. I was amazed because I had never seen a rainbow so vivid and large, so early in the morning. I ended up stopping my run to stare at it until all that was left in the sky was clouds.

As I went through the rest of my day, I could not get the image of that rainbow out of my head. Each one of its individual colors reminded me of a different memory we made during our time at Saint Ursula Academy.

I remembered how *red* our cheeks would get freshman year whenever a boy would ask, “What grade school did you go to?” and the fear we felt as we looked at the *red* pen marks that decided whether we got an A- or a C- on an essay.

I remembered that blotchy “oompa loompa” *orange* spray tan that we regretted getting for formal sophomore year, and how elated we were after we won the *orange* and white game for the eighth year in a row.

I remembered the anxiety we felt as we watched the stop light at the crosswalk turn to *yellow* on pizza day, and the *yellow* gym shirts that we wore while we played pickle ball during gym class.

I remembered our yearly class potluck lunch in the *green* grass of the front circle, and all of those *green* dollar bills we got to save because the vending machines are gone.

I remembered the *blue* screen that crashed our “new” and “reliable” tablets just before we turned our junior research paper in on Schoology, and the pristinely clean navy *blue* skorts we wore on our first day of school freshman year.

I remembered the *indigo* dress we wore to prom junior year, even though we had to wake up early the next day to take the ACT, and those *purple* and *pink* colored “kiddie backpacks” we bought just because we wanted to leave high school in style. The rainbow in whole reminded me that we are the first class in all of Saint Ursula’s 106 year history to have an LGBT club.

Each color reminded me of a different memory, and each memory reminded me how lucky we are to have been students at Saint Ursula Academy. They say that you can never see the end of a rainbow, and in our case this is true, because our rainbow never ends. The memories we made during our time at Saint Ursula Academy will stay with us forever. We do not need to be at the end of the rainbow to see our pot of gold, because our pot of gold is the rainbow itself.

A Fond Farewell to our Senior Staff

Kate Bachman: Kate Bachman joined *The Light* this year as a videographer. Her videos typically feature student interviews and highlight student perspectives about social issues. We appreciate all of Kate's work and wish her the best of luck as she studies philosophy at Emory University.

Grace Burleigh
Grace has been a member of *The Light* for three years and has served as a co-editor during her senior year. She has also been in charge of posting for *The Light's* social media accounts. She is an eager and enthusiastic editor and staff writer, and she continually proves willing to write on any topic. We wish Grace the best of luck as she pursues English at University of Dallas with plans to eventually teach high school literature.

Grace Curtis joined *The Light* this past year out of her enthusiasm for trying new things and enjoyment of writing. She's passionate about ethics and morality, and has served as a valuable member of the Ethics Bowl Team and leader of the LIFE club. Grace will be spending her next 4 years at St. Mary's College to pursue religious studies.

Catherine Dieckman joined *The Light* sophomore year and has loved writing about current events. She has covered many valuable events over the years. This summer you might catch her eating pasta and listening to Rihanna as she prepares to go to the University of Notre Dame. She will be continuing her education as an engineering major, but will definitely keep up her writing passion in her free time.

Emilie Kilfoil has been a crucial component of *The Light* for the past four years. As co-editor for the past two years, Emilie has published articles that concern ethics and social justice issues. Her intense op-eds have questioned students' stance on grades, illness, and other popular topics. Emilie will be missed next year as she is attending Yale University and plans to study the humanities.
