## "We're Still Learning"

Ariel Yoshitomi-Grey, Valedictorian

Over the past four years, the Class of 2020 has grown in many ways and is now well prepared to enter a new and challenging world. It was not that long ago that we were timid freshmen walking the circle drive, afraid to make eye contact with the teachers who would become so important to us. Today, we know more about who we are and who we hope to become, and we owe so much of this awakening to the teachers of Saint Ursula Academy. Like A. A. Milne's beloved character Christopher Robin in his series of Winnie the Pooh books, they were always there to remind us that we are braver than we believed, stronger than we seemed, and smarter than we thought. However, it has come time for us to say goodbye to our own Hundred Acre Woods. Today we stand proud of our many accomplishments, undaunted by our occasional failures, and excited for what the future may hold.

From the moment our teachers welcomed us into the overwhelming world of high school, they initiated the four year plan that would enable us to become the best possible versions of ourselves. Our growth into young women of integrity, faith, and courage was a gradual yet inexorable journey led by experienced guides. Just like Christopher Robin and his band of friends, every day became a new adventure. Although we did not know it at the time, while we were writing five-paragraph essays, solving quadratic equations, and memorizing the steps of mitosis, we were becoming leaders, nurturers, prophets and thinkers. From the very beginning, our teachers were instilling in us the qualities that they knew we would use for the rest of our lives.

As every character in A.A. Milne's stories represent a unique human characteristic, from each of our teachers we learned ways to deal with life's ups and downs. Some of our teachers were Tiggers.

From them we learned to be enthusiastic about life. Watching teachers roll around in giant hamster balls and getting pied in the face taught us to enjoy the goofy times and not be so worried about appearances. Some teachers were Piglets who helped us find courage. We learned to be brave even when it scared us the most, changing the quiet girls of Freshman Acting into the amazing actresses who are showcased in the Saint Ursula Drama Productions. They built our confidence as leaders and took the time to moderate our clubs, from Self-Defense to Interalliance, allowing us to grow into more than just students. Through their example we grew to understand that you can't stay in your corner of the Forest waiting for others to come to you, you have to go to them. Finally, from our Winnie the Pooh teachers we learned to be optimistic and look on the bright side. Even when struggling with theorems in math or a concept in chemistry, they motivated us to go after our goals whether that be a career in STEM or beyond. Throughout the last weeks of online classes, they sent us prayers and well wishes and were always ready to lend a helping hand. Their thoughtful emails and cheery morning videos reminded us of the brightness of our futures.

As we prepare to leave the safety of these SUA woods, we are ready for what lies ahead because of these invaluable lessons. Our teachers made the unimaginable possible as they turned us into accomplished scholars, varsity athletes, and compassionate citizens of the world. Thank you for being such extraordinary role models and supporting us through it all. As Winnie the Pooh observed, "How lucky we are to have something that makes saying goodbye so hard."

*The Ohio State University*

*Biology / Pre-Medicine*

My past 4 years at Saint Ursula Academy embodied great educational opportunities, additionally with unforgettable friendships and memories. My favorite memory: seniors party; upper lot of Keller, full of dancing, smiling, and giggling;

togetherness- knowingly one of the last big class events we would have together, before the COVID-19 pandemic caused the rest of our senior year to become online distance learning. Not the expected ending for our high school experience - but realizing the magnitude of love and support SUA has provided every one of us daily. To all my fellow underclassmen: Continue being women of FAITH, INTEGRITY, AND COURAGE! Carry on the SUA spirit just like the Class of 2020 will- going onto the next chapter of our lives. SUA SISTERHOOD is truly strong!! I wouldn't trade anything...for ALL my SUA sisters. Once a bulldog, always a BULLDOG!

"Thank you so much for everything you have offered to help me become the best person I could be. I would not be where I am today without the never-ending love and support from the SUA community. It was an honor to spend my past 4 years at the best high school in the country! Go BULLDOGS!!!" - EW
